the audience effectively.*

# DİJİTAL BİLGİLENDİRME SİSTEMLERİ

## DIGITAL INFORMATION SYSTEMS

### Dijital Bilgilendirme Sistemleri

#### Digital Information Systems

Dijital sinyalizasyon, belirlenen bir yerde, belirli bir hedef kitleye, belli bir zamanda digital ekranlar aracılığı ile bilginin yayılmasıdır. Genellikle amaca uygun içeriğin uzaktan yönetimi ile sağlanır.

Dijital sinyalin gücü tek veya dünya etrafındaki ekran ağını kullanarak, spesifik bir hedef izleyici kitleşine ulaşabilmektedir. Ekranelarda bulunan içeriğin, oynatılmasını ve yayınıni siz kontrol edersiniz. Perakende mağazalar, oteller, havaalanları, üniversiteler, şirket binaları ve daha fazla birçok halka açık ve özel alanlarda kullanabilirsiniz.

*Digital signage is the distribution of information. Targeted on a certain audience. In a selected location and at a selected time through digital screens. Often managed remotely with relevant visual content.*

*The power of digital signage is that you can target specific audiences through just a single display or a worldwide network of displays. You control the distribution and playback of the content on the screens. Can be found in both public and private environments. Such as retail stores. Hotels, airports, restaurants, hospitals, universities and corporate buildings. Amongst other locations.*

# OTOMASYON SİSTEMLERİ

## AUTOMATION SYSTEMS

### Bina otomasyon sistemleri

#### Building Automation Systems
